MAKE YOUR OWN EDIBLE BOWL OF WORMS!

What you need:

2 packs of raspberry Jell-O
1 package of unflavored gelatin
3/4 cup whipping cream
3 cups boiling water
15 drops green food coloring
1 rubber band
100 flexible straws
Tall container (1 quart or 1 liter carton of milk)

Instructions:

Combine the Jell-O packs and gelatin in a bowl and add the boiling water. Let your mixture cool to lukewarm and then add the whipping cream. Next, add about 15 drops of green food coloring. Stretch your straws out and bind them together with the rubber band. Put them in the container and then add your mixture to the straw-filled container. Let it sit until firm. To get your worms out of the straws, hold them over warm water or roll a rolling pin over them to squeeze them out! Now you can put your bowl of Jell-O worms out and enjoy!

Make a ghost to hang in your tree!

What you need:

White tissue paper
Cotton balls or crumpled newspaper
Fishing line
Permanent marker
Scissors

Instructions:

Cut squares out of your white tissue paper. Next, place two of the squares onto a flat surface with a cotton ball or crumpled piece of newspaper on top. Have the squares offset on top of each other so you have eight corners pointing out. Wrap the tissue paper around your ball to make the ghost's head. Tie your fishing line around the base of this ball to keep it all together. Lastly, draw your ghost's face with the permanent marker! Make a lot of ghosts to fill up your tree and make it an official Halloween Tree!
